

Happy Animals Hospital

Investor Overview – Davao City

Who We Are

Happy Animals Hospital is a planned 24/7 veterinary clinic and animal rehabilitation hospital in Davao City, built on the credibility and track record of Happy Animals Club, a trusted animal shelter and rescue organization.

Unlike typical clinics, we are expanding from hands-on rescue and rehabilitation work into a sustainable, full service hospital that can provide continuous care, recovery, and emergency treatment under one roof.

Why This Makes Sense

- Proven real-world experience rehabilitating animals, not just theory
- Strong community trust and visibility via Happy Animals Club
- Large 3-storey facility + lot, already secured
- Focus on 24/7 care, rehabilitation, and capacity, areas where demand is consistent
- Revenue model based on standard veterinary services at Davao rates

This is a scaling of something that already exists, not a speculative startup.

Facility & Operations

- Location: Davao City
- Facility: 3-storey rented building with adjacent lot
- Monthly Rent: ₱100,000
- Already Paid:
 - 3 months advance rent (₱300,000)
 - Utilities (₱20,000)
- Operations: 24/7 with licensed veterinarians and trained animal-care staff

Use of Funds (Estimate)

Total Capital Target: ₱7M – ₱10M

Funds will be used for:

- Building renovation & fit-out
- Medical equipment (X-ray, ultrasound, lab machines, anesthesia, etc.)
- Pre-opening staff wages
- Initial working capital

Investment Tiers (*Proposed*)

- ₱100,000 – Community Investor
- ₱250,000 – Small Investor
- ₱500,000 – Major Investor
- ₱1,000,000 – Anchor Investor

Participation size and terms are discussed individually.

Investor Returns (Example Structure)

A revenue-share model is proposed:

- Investors receive a share of net operating revenue
- Returns continue until 110%–140% of the invested amount is paid back
- Structure aligns investor returns with actual hospital performance

Final percentages and timelines will be finalized during formal agreements.

Why People Invest

- Tangible social impact (animal welfare & rehabilitation)
- Community-backed, trust-driven organization
- Clear path to sustainability, not donation-dependence
- Opportunity to support better animal healthcare in Davao
